

# MEDLANCE

## SINGLE USE SAFETY LANCET

- MEDLANCE needle or blade for capillary blood sampling
- Medlance single-use safety lancet is an integral component to the sharps-injury prevention programs in hospitals, clinics, laboratories, doctors offices and wherever patients and professionals HAVE TO FEEL SAFE.
- Medlance single-use safety lancet is a self-destructing device that cannot be reloaded, the needle is hidden before and after use, and the lancet is sterilized with gamma irradiation.
- You cannot hurt yourself using medlance!

### Characteristic Features:

- Premium medical grade stainless steel
- Sterile
- Silicon coated
- Ultra sharp needle optimally positioned during skin penetration, the linear needle tracking eliminates the needle vibrations to reduce pain and prevent tissue damage
- Protected by safety cap
